
Mills Paskert Divers' Update to Our Friends and Clients

Posted in [Events](#) by Mills Paskert Divers on Mon Mar 23, 2020

Dear clients and friends:

Like all of you, we are coping with a changing workplace environment as COVID-19 continues to impact the everyday operations of businesses and the everyday lives of individuals. Because one of our offices is located on the West Central Coast of Florida, the annual threat of impacts from a hurricane long ago forced us to develop a plan for continued operations even if our area experienced impacts ranging from extended power outages to catastrophic damage requiring us to relocate. We update that plan frequently and have updated it to address the changing environment resulting from COVID-19. So, we are well-prepared to cope with the challenges of physically closing our offices.

Rest assured that even though we are adhering to social distancing protocols, our lawyers in both Florida and Georgia are working full speed ahead as they normally would. Some of that work is occurring remotely and more may occur remotely in the coming days depending on governmental restrictions that may be announced as conditions evolve. You should not, however, experience delays in service. While some restrictions and court orders have required the postponement of hearings, trials, mediations, and similar matters, our daily work continues.

If you need us, you can reach us by calling our main line (813-229-3500), calling the direct telephone numbers of our lawyers that you can find on our website, or by e-mailing our lawyers at their e-mail addresses, also found on our website.

All of us here send our best wishes for your health and safety during these trying times.
